Number of Subjects Required for Exams

As King’s InterHigh is a non-selective school, students can go on to A levels with us, regardless of how many IGCSEs they have or what grades they achieved. Therefore, the number of subjects a student sits exams for is a personal preference, although, we have to make you aware that if you’d like to register elsewhere in the future, they may have different requirements. For example, some colleges and universities require a minimum number of IGCSEs or subjects such as English and Maths.

Non-Exam Subjects

King’s InterHigh also offers some subjects that do not have exams these include:

- City and Guild Art and Design in Action
- City and Guild Computer Game Design
- City and Guild Drama and Performance
- City and Guild Globalisation and International Relations
- City and Guild Health and Wellbeing Management
- City and Guild Music and Culture
- City and Guild Photography Perspectives

If you are not certain if your subjects have official exams, please contact the subject teacher to confirm.
